I. CONSENT AGREEMENT

A. PRELIMINARY STATEMENT

1. This is a civil administrative penalty assessment proceeding brought under section 205(c)(1) of the Clean Air Act ("CAA" or the "Act"), 42 U.S.C. § 7524(c)(1), and sections 22.13 and 22.18 of the Consolidated Rules of Practice Governing the Administrative Assessment of Civil Penalties and the Revocation/Termination or Suspension of Permits ("Consolidated Rules"), as codified at 40 C.F.R. Part 22. In accordance with 40 C.F.R. §§ 22.13 and 22.18, entry

of this Consent Agreement and Final Order ("CAFO") simultaneously commences and concludes this matter.

2. Complainant is the Assistant Director of the Air, Waste & Chemicals Branch of the Enforcement and Compliance Assurance Division, U.S. Environmental Protection Agency Region IX (the "EPA"), who has been duly delegated the authority to commence and settle civil administrative penalty proceedings under section 205(c)(1) of the CAA, 42 U.S.C. § 7424(c)(1).

3. Respondent is Encore Innovation, Inc. dba madhornets.com ("Respondent"), a California corporation distributing motor vehicle parts. Respondent is headquartered at 7958 Saddletree Court in Eastvale, California.

4. Complainant and Respondent, having agreed that settlement of this action is in the public interest, consent to the entry of this CAFO without adjudication of any issues of law or fact herein, and Respondent agrees to comply with the terms of this CAFO.

B. GOVERNING LAW

5. This proceeding arises under Part A of Title II of the CAA, CAA §§ 202-219, 42 U.S.C. §§ 7521-7554, and the regulations promulgated thereunder. These laws aim to reduce emissions from mobile sources of air pollution, including particulate matter ("PM"), non-methane hydrocarbons ("NMHC"), oxides of nitrogen ("NOx"), and carbon monoxide ("CO"). In creating the CAA, Congress found, in part, that "the increasing use of motor vehicles . . . has resulted in mounting dangers to the public health and welfare." CAA § 101(a)(2), 42 U.S.C. § 7401(a)(2).

6. EPA's allegations in this CAFO concern parts or components for motor vehicles and engines subject to emission standards. The CAA requires EPA to prescribe and revise, by

regulation, standards applicable to the emission of any air pollutant from new motor vehicles or engines that cause or contribute to air pollution which may reasonably be anticipated to endanger public health or welfare. See CAA § 202(a)(1) and (3)(B), 42 U.S.C. § 7521(a)(1) and (3)(B). As required by the CAA, the emission standards must "reflect the greatest degree of emission reduction achievable through the application of [available] technology." CAA § 202(a)(3)(A)(i), 42 U.S.C. § 7521(a)(3)(A)(i).

7. Under Section 202 of the CAA, 42 U.S.C. § 7521, EPA has promulgated emission standards for PM, NMHC, NOx and CO that are applicable to motor vehicles and motor vehicle engines based on a vehicle's or engine's class and model year. See generally 40 C.F.R. Part 86.

8. Section 203(a)(1) of the CAA prohibits a vehicle manufacturer from selling a new motor vehicle in the United States unless the vehicle is covered by a certificate of conformity. 42 U.S.C. § 7522(a)(l).

9. The EPA issues certificates of conformity to vehicle manufacturers under section 206(a) of the CAA, 42 U.S.C. § 7525(a), to certify that a particular group of motor vehicles conforms to applicable EPA requirements governing motor vehicle emissions.

10. The application for a certificate of conformity must describe, among other things, the emissions-related elements of design of the motor vehicle or motor vehicle engine. See 40 C.F.R. § 86.1844-01.

11. "Element of design" is defined in 40 C.F.R. §§ 86.094-2 and 86.1803-01 as "any control system (i.e., computer software, electronic control system, emission control system, computer logic), and/or control system calibrations, and/or the results of systems interaction, and/or hardware items on a motor vehicle or motor vehicle engine."

12. EPA-certified motor vehicles and motor vehicle engines include a variety of hardware, software devices (tuners) and software (tunes) or elements of design that control emissions of air pollutants.

13. Vehicle manufacturers employ certain hardware devices as emission control systems to manage and treat exhaust to reduce levels of regulated pollutants from being created or emitted into the ambient air and meet the emission standards in 40 C.F.R. Part 86. Such devices include exhaust gas recirculation ("EGR"), diesel oxidation catalysts ("DOC"), catalytic converters, diesel particulate filters ("DPF"), and selective catalytic reduction ("SCR").

a. EGR is an element of design in diesel-fueled motor vehicles that reduces NOx emissions, which are formed at the high temperatures caused during fuel combustion. By recirculating exhaust gas through the engine, EGR reduces engine temperatures and NOx emissions.

b. DOC is an element of design in diesel-fueled motor vehicles that reduces PM emissions and may reduce NMHC and CO emissions by routing exhaust through a precious metal coated honeycomb structure that causes a catalytic reaction that breaks down pollutants into less harmful components.

c. Catalytic converter is an element of design in gasoline-fueled motor vehicles that reduces NMHC, CO and/or NOx by routing exhaust through a precious metal coated honeycomb structure that causes a catalytic reaction that breaks down pollutants into less harmful components.

d. DPF is an element of design in diesel-fueled motor vehicles that reduces PM emissions by collecting soot contained in engine exhaust gas. Proper operation

of the DPF requires periodic regeneration of the filter to prevent accumulated PM from clogging the filler.

e. SCR is an element of design that reduces NOx emissions by chemically converting exhaust gas that contains NOx into nitrogen and water through the injection of diesel exhaust fluid.

14. Pursuant to Section 203(a)(3)(B) of CAA, 42 U.S.C. § 7522(a)(3)(B),

> The following acts and the causing thereof are prohibited—for any person to manufacture or sell, or offer to sell, or install, any part or component intended for use with, or as part of, any motor vehicle or motor vehicle engine, where a principal effect of the part or component is to bypass, defeat, or render inoperative any device or element of design installed on or in a motor vehicle or motor vehicle engine in compliance with regulations under this subchapter, and where the person knows or should know that such part or component is being offered for sale or installed for such use or put to such use[.]

15. "Person" is defined in Section 302(e) of the CAA, 42 U.S.C. § 7602(e), to include "an individual, corporation, partnership, association, State, municipality, political subdivision of a State, and any agency, department, or instrumentality of the United States and any officer, agent or employee thereof."

16. "Motor vehicle" is defined in Section 216(2) of the CAA, 42 U.S.C. § 7550(2), as "any self-propelled vehicle designed for transporting persons or property on a street or highway."

17. Violations of CAA section 203(a)(3)(B) are subject to civil penalties of up to $5,911 per defeat device violation that occurred after November 2, 2015, where penalties are assessed on or after January 8, 2025. CAA § 205(a), 42 U.S.C. § 7524(a), 40 C.F.R. § 19.4, Table 1.

C. ALLEGED VIOLATIONS

18. Complainant re-alleges and incorporates by reference herein Paragraphs 1 through 17 of this CAFO.

19. At all times relevant to this CAFO, Respondent was a "person" as defined by Section 302(e) of the CAA, 42 U.S.C. § 7602(e).

20. Respondent sells and distributes motor vehicle parts to various individual customers located throughout the United States.

21. On June 28, 2023, EPA issued an information request pursuant to Sections 114 and 208(a) of the CAA, 42 U.S.C. §§ 7414 and 7542(a), to Respondent regarding hardware and software that Respondent sold and/or offered for sale from April 1, 2021.

22. In Respondent's response to EPA's information request, Respondent indicated that it sold and/or offered for sale at least six thousand three hundred ninety-seven (6,397) parts or components ("Subject Parts," each of which is a "Subject Part") between April 1, 2021, and June 28, 2023, as identified in the Appendix to this CAFO.

23. The Subject Parts consist of two thousand two hundred sixty-three (2,263) EGR delete hardware parts, three hundred twenty-four (324) exhaust aftertreatment delete hardware parts, eight (8) delete kits, seventy-six (76) air pump delete hardware parts, and three thousand seven hundred twenty-six (3,726) sensor disablers.

24. Hardware devices and emission control systems such as DPFs, EGRs, DOCs, catalytic converters, and SCRs, are "device[s] or element[s] of design installed on or in a motor vehicle or motor vehicle engine in compliance with [CAA] regulations" within the meaning of Section 203(a)(3)(B) of the CAA, 42 U.S.C. § 7522(a)(3)(B).

25. The EGR delete hardware products are designed to bypass, remove, or replace EGR systems. The exhaust aftertreatment delete hardware products are designed to remove aftertreatment emission control devices such as the DOC, DPF, and/or SCR. Air pump delete hardware removes the one-way air pump that treats un-combusted fuel in the exhaust. The sensor disablers are hardware designed to send a fake or manipulated signal to the emission control unit to prevent diagnostic trouble codes and the malfunction indicator lamp from activating. Delete kit/packages are products that usually bundle at least two of the aforementioned categories of parts to remove emissions control components of the engine.

26. Each Subject Part is, and at all relevant times herein was, intended for use with certified motor vehicles and motor vehicle engines including but not limited to those manufactured by Toyota, Nissan, BMW, Ford, MINI, Nissan, Audi, Volkswagen, Chevrolet, Dodge, Porsche, GMC, Land Rover, Lexus, Honda, Jeep, Mazda, Suzuki, Mitsubishi, and Subaru ("Motor Vehicles").

27. Each Subject Part contains at least one component that permits users to bypass, defeat, or render inoperative device(s) or element(s) of design installed on or in these Motor Vehicles.

28. A principal effect of each Subject Part is to bypass, defeat, or render inoperative the device(s) and/or element(s) of design that were installed on Motor Vehicles.

29. Respondent knew or should have known that each Subject Part was being offered for sale or installed for such use or put to such use.

30. Respondent's sales and/or offers for sale of six thousand three hundred ninety-seven (6,397) Subject Parts between April 1, 2021, and June 28, 2023, constitute six thousand three hundred ninety-seven (6,397) violations of Section 203(a)(3)(B) of CAA, 42 U.S.C. § 7522(a)(3)(B).

D. TERMS OF CONSENT AGREEMENT

31. In accordance with 40 C.F.R. § 22.18(b)(2) and for the purpose of this proceeding, Respondent (i) admits that EPA has jurisdiction over the subject matter of this CAFO and over Respondent; (ii) neither admits nor denies the specific factual allegations contained in Section I.C of the CAFO; (iii) consents to any and all conditions specified in this CAFO and to the assessment of the civil administrative penalty under Section I.E of the CAFO; (iv) waives any right to contest the allegations contained in Section I.C of the CAFO; and (v) waives the right to appeal the final order contained in the CAFO. By signing this consent agreement, Respondent waives any rights or defenses that Respondent has or may have for this matter to be resolved in federal court, including but not limited to any right to a jury trial, and waives any right to challenge the lawfulness of the final order accompanying this consent agreement.

E. CIVIL ADMINISTRATIVE PENALTY

32. Respondent agrees to pay a civil penalty in the amount of FIFTY THOUSAND DOLLARS ($50,000) ("Assessed Penalty") within thirty (30) days after the date the Final Order ratifying this Agreement is filed with the Regional Hearing Clerk ("Filing Date"). EPA conducted an analysis of Respondent's financial information and determined Respondent has a limited ability to pay. Consequently, in accordance with applicable law, EPA determined that the Assessed Penalty is an appropriate amount to settle this action.

33. Respondent shall pay the Assessed Penalty and any interest, fees, and other charges due using any method, or combination of appropriate methods, as provided on the EPA website: https://www.epa.gov/financial/makepayment. For additional instructions see: https://www.epa.gov/financial/additional-instructions-making-payments-epa.

34. When making a payment, Respondent shall:

a. Identify each payment with Respondent's name and the docket number of this Agreement, CAA-09-2026-0123,

b. Concurrent with each payment or within 24 hours of the payment, Respondent shall provide proof of such payment to the following addressees:

Regional Hearing Clerk
U.S. Environmental Protection Agency, Region IX
R9HearingClerk@epa.gov

Connie L. Hernandez
Enforcement and Compliance Assurance Division (ENF-2-1)
U.S. Environmental Protection Agency, Region IX
Hernandez.ConnieL@epa.gov

and

Cincinnati Finance Division
U.S. Environmental Protection Agency
CINWD_AcctsReceivable@epa.gov

"Proof of payment" means, as applicable, confirmation of credit card or debit card payment, or confirmation of wire or automated clearinghouse transfer, and any other information required to demonstrate that payment has been made according to EPA requirements, in the amount due, and identified with the appropriate docket number and Respondent's name.

35. Interest Charges and Penalties on Late Payments. Pursuant to 42 U.S.C. § 7524(c)(6), 31 U.S.C. § 3717, 31 C.F.R. § 901.9, and 40 C.F.R. § 13.11, if Respondent fails to timely pay any portion of the Assessed Penalty per this Agreement, the entire unpaid balance of the Assessed

Penalty and all accrued interest shall become immediately due and owning, and EPA is authorized to recover the following amounts.

a. Interest. Interest begins to accrue from the Filing Date. If the Assessed Penalty is paid in full within thirty (30) days, interest accrued is waived. If the Assessed Penalty is not paid in full within thirty (30) days, interest will continue to accrue until any unpaid portion of the Assessed Penalty as well as any accrued interest, penalties, and other charges are paid in full. Per 42 U.S.C. § 7524(c)(6), interest will be assessed pursuant to 26 U.S.C. § 6621(a)(2), that is the IRS standard underpayment rate, equal to the Federal short-term rate plus 3 percentage points.

b. Handling Charges. The United States' enforcement expenses including, but not limited to, attorneys' fees and costs of collection proceedings.

c. Late Payment Penalty. A ten percent (10%) quarterly non-payment penalty.

36. Late Penalty Actions. In addition to the amounts described in the prior Paragraph, if Respondent fails to timely pay any portion of the Assessed Penalty, interest, or other charges and penalties per this Agreement, EPA may take additional actions. Such actions EPA may take include, but are not limited to, the following.

a. Referral of the debt to a credit reporting agency or a collection agency. 40 C.F.R. §§ 13.13 and 13.14.

b. Collect the debt by administrative offset (i.e., the withholding of money payable by the United States government to, or held by the United States government for, a person to satisfy the debt the person owes the United States government),

which includes, but is not limited to, referral to the Internal Revenue Service for offset against income tax refunds, per 40 C.F.R. Part 13, Subparts C and H.

c. Suspend or revoke Respondent's licenses or other privileges, or suspend or disqualify Respondent from doing business with EPA or engaging in programs EPA sponsors or funds, per 40 C.F.R. § 13.17.

d. Request that the Attorney General bring a civil action in the appropriate district court to recover the full remaining balance of the Assessed Penalty, in addition to interest and the amounts described above, per 42 U.S.C. § 7524(c)(6). In any such action, the validity, amount, and appropriateness of the Assessed Penalty shall not be subject to review.

37. Allocation of Payments. Pursuant to 31 C.F.R. § 901.9(f) and 40 C.F.R. § 13.11(d), a partial payment of debt will be applied first to outstanding handling charges, second to late penalty charges, third to accrued interest, and last to the principal that is the outstanding Assessed Penalty amount.

38. Tax Treatment of Penalties. Penalties, interest, and other charges paid pursuant to this Agreement shall not be used by Respondent or any other person as a tax deduction from Respondent's federal, state, or local taxes.

F. CERTIFICATION OF COMPLIANCE

39. Respondent certifies that, to the best of its knowledge, Respondent is complying fully with section 203(a)(3) of the CAA, 42 U.S.C. § 7522(a)(3), as of the date of its signing this Consent Agreement.

40. Respondent is aware of EPA's November 23, 2020 "Tampering Policy: The EPA Enforcement Policy on Vehicle and Engine Tampering and Aftermarket Defeat Devices under the Clean Air Act."

41. The provisions of this CAFO shall apply to and be binding upon Respondent and its officers, directors, employees, agents, trustees, servants, authorized representatives, successors, and assigns. To the extent that Respondent seeks to transfer ownership or control of any portion of or interest in Respondent prior to payment of the Assessed Penalty and providing payment notification in accordance with this CAFO, Respondent must give written notice and a copy of this CAFO to any successors in interest prior to such transfer. Simultaneously with such notice, Respondent shall provide written notice of such transfer, assignment, or delegation to EPA. In the event of any such transfer, assignment, or delegation, Respondent shall not be released from the obligations or liabilities of this CAFO unless EPA has provided written approval of the release of said obligations or liabilities.

42. By signing this CAFO, Respondent acknowledges that this CAFO will be available to the public and agrees that this CAFO does not contain any confidential business information or personally identifiable information.

43. By signing this CAFO, the undersigned representative of Complainant and the undersigned representative of Respondent each certify that he or she is fully authorized to execute and enter into the terms and conditions of this CAFO and has the legal capacity to bind the party he or she represents to this CAFO.

44. By signing this CAFO, Respondent certifies that the information it has supplied concerning this matter was, at the time of submission and to the best of its knowledge, true, accurate, and complete for each such submission, response, and statement. Respondent acknowledges that there are significant penalties for submitting false or misleading information, including the possibility of fines and imprisonment for knowing submission of such information, under 18 U.S.C. § 1001.

45. Each party agrees to bear its own costs and attorney's fees in this action.

G. GENERAL PROVISIONS

46. In accordance with 40 C.F.R. § 22.18(c), this CAFO only resolves Respondent's liability for federal civil penalties for the violations and facts specifically alleged in Section I.C of the CAFO. Nothing in this CAFO is intended to or shall be construed to resolve (i) any civil liability for violations of any provision of any federal, state, or local law, statute, regulation, rule, ordinance, or permit not specifically alleged in Section I.C of the CAFO; or (ii) any criminal liability. EPA specifically reserves any and all authorities, rights, and remedies available to it (including, but not limited to, injunctive or other equitable relief or criminal sanctions) to address any violation of this CAFO or any violation not specifically alleged in Section I.C of the CAFO.

47. Nothing in this CAFO shall relieve Respondent of the duty to comply with all applicable provisions of the Act and other federal, state, or local laws or statutes, nor shall it restrict EPA's authority to seek compliance with any applicable laws or regulations, nor shall it be construed to be a ruling on, or determination of, any issue related to any federal, state, or local permit.

48. This CAFO constitutes the entire agreement between the parties and supersedes any prior agreements or understandings, whether written or oral, among the parties with respect to the subject matter hereof.

H. ATTORNEY'S FEES AND COSTS

49. Each party shall bear its own attorneys' fees, costs, and disbursements incurred in this proceeding.

I. EFFECTIVE DATE

50. Respondent and Complainant agree to issuance of the attached Final Order. Upon filing, EPA will transmit a copy of the filed CAFO to the Respondent. This CAFO shall become effective after execution of the Final Order by the Regional Judicial Officer on the date of filing with the Regional Hearing Clerk.
